By establishing a workflow for requests, approvals and completions of tuition assistance requests, the TEDS TUITION AID™ process keeps your organization focused on providing eligible employees with appropriate educational support. Differentiated privileges allow students, supervisors, training coordinators, Tuition Aid managers, and Tuition Aid administrators to create a rich, flexible, user-friendly data repository.

Featured capabilities of TEDS TUITION AID™

- Enable prepay or reimbursement tuition assistance plans
- Display business rules that determine student eligibility
- Send notifications throughout a tuition aid request's life cycle

Student Benefits

- Submit tuition aid requests
- View year-to-date education assistance expenditures
- Check status of tuition aid requests
- Receive validation of tuition aid completions in student history record

Supervisor Benefits (when applicable)

- Receive notifications of tuition aid requests
- View details of tuition aid requests including educational institution, major courses, grades, status of request, expenses and year-to-date usage

Administrator Benefits

- Configure enterprise-wide set-up to include business rules and look-up tables (configurable options for populating fields)
- Customize notifications to students, supervisors and university contacts
- Approve or reject tuition aid requests
- Track and update information for billing and grades
- Validate tuition aid completions in student history record
- Manage enterprise tuition aid programs based on global business rules
- Manage unlimited business unit tuition aid programs based on unique business rules
